AGENDA ITEMS:*

Approval of the Minutes: Tuesday, June 17, 2025

- 141-25. Councilor Paul Beauchemin, to request two electronic speed-limit signs to be installed on Clarendon Street heading northbound and southbound, near the intersections with Daniel Street and Franklin Street, in order to improve driver awareness, reduce speeds, and increase safety for motorist, bicyclist, and pedestrians.
- 161-25. Councilor Marisa Fleming, on behalf of Jessica Demeo of 74 Dartmouth Street., to install a stop sign at the intersection of Montrose St. and Dartmouth St. Every intersection on Montrose St. has at least two stop signs but this intersection does not.
- 162-25. City Councilors Amy Green and Bernie Schultz, on behalf of Pat and Don Dwyer of 42 Heywood Street, to request a resident parking space near their exterior stairs on Salem Street. Although Pat and Don qualify for a handicapped parking space, the road grade of Salem Street does not meet ADA requirements so as to prevent them from being issued a handicapped parking space.
- 163-25. Councilor Fleming on behalf of Yesenia Renderos of 683 Pearl St. to install a spot light to enhance the already existing signage or the addition of street level blinking signs to emphasize the 25MPH speed limit. Speeding has always been an issue when drivers transition from White St. in Lunenburg to Pearl St. in Fitchburg. With the recent paving, this issue is expected to get worse.
- 179-25. City Councilor Bernie Schultz, in conjunction with Department of Public Works Commissioner Nick Erickson and Police Sergeant Liana Teague, to add a stop sign and stop bar at the end of Valley Street as Valley Street merges onto Canton Street.

**Please note: Massachusetts Open Meeting Law requires that all topics that the Chair reasonably anticipates must be listed and that the list of topics must be sufficiently specific to reasonably inform the public of the issues to be discussed at the meeting.*
