A Few Welcoming Notes:

The board's meeting time is dedicated to its strategic mission and top-priority focus areas. "Public participation" is an opportunity to present brief comments or pose questions to the board for consideration and follow up. Each person is asked to focus comments to three minutes. The boundaries are designed to help keep the meeting focused and in no way should limit conversations beyond the board meeting. Please be aware that any individual student or personal matters are considered confidential under Colorado law. It is out of respect for the individual students and staff that we ask for those conversations to be held in executive session. Insights are needed and welcomed, and the board encourages you to meet with the most appropriate person among the district's many leaders.
